DETAILED ACTION

Response to Amendment

1. The reply filed on December 28, 2006 is not fully responsive to the prior Office Action because of the omission(s) or matter(s) detailed below. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

2. It is noted that applicant is unfamiliar with the requirements of 37 CFR 1.121. The amendment dated December 28, 2006 has not been entered because it suffers from the following deficiencies:

The text of the replacement paragraphs do not have markings to show all the changes relative to the previous version of the paragraph. This is required under 37 CFR 1.121.b.1.ii.

Canceled claim 3 includes lined out text. According to 37 CFR 1.121.c.4, a canceled claim should just have the identifier "(canceled)" and no text should be present, lined through or otherwise.

Applicant is encouraged to familiarize himself with the requirements of 37 CFR 1.121.

Art Unit: 3662

3. The reply fails to include a complete record of the substance of the July 25, 2006 interview. Applicant fails to discuss the identification of the confusing language on p. 11 as arising from the inadvertent combining of a sentence defining cross-over point and a sentence defining connecting vector. 37 CFR 1.133.b states: "In every instance where reconsideration is requested in view of an interview with an examiner, a complete written statement of the reasons presented at the interview as warranting favorable action must be filed by the applicant." (emphasis added).

4. Applicant fails to address the second 35 USC 112 rejection, item 7 in the Office Action dated July 6, 2006. Applicant also fails to adequately address the 35 USC 103 rejection. Applicant states that he is incorporating his previous arguments by reference (p. 10, first ¶, amendment dated December 28, 2006). However, applicant's previous arguments have been considered and not been found persuasive (item 2, Office Action dated July 6, 2006). Simply repeating a non-persuasive argument verbatim is insufficient. Applicant should point out how the new amendments to the claims, specification, and/or drawings correct previous deficiencies.

Terminal Disclaimer

5. The application/patent being disclaimed has been improperly identified since the number used to identify the 10/785,360 being disclaimed is incorrect. The correct number is 10/785,353.
